- We all got to meet Bob’s puppy
- By-law subcommittee update - Pam sent an email that the workgroup agreed with the committee's changes. Next step for Steering Committee to approve work of work group, then send out approved changes with nominations for Steering Committee on same ballot. Thanks were expressed to the work group.
 - Suzan moved to vote on work group edits, seconded by Michael. All in favor, vote carries. Vote on including bylaw edits on same ballot as nominations in January carries
- Steering Committee elections/nominations – There are two potential nominations, Michael will self-nominate, remind your tree states that nominations are open!
- Gustafson Award – continue leaning on network for nominations, last year’s award will be sent out to the winner – Todd Graham
- Steering Committee Meeting – Thanks to DUB and CLMSO for bringing it all together. Let’s not lose momentum that came out of that.
 - Questions are being asked at the state-level – has the Census Bureau been contacted by anyone on the Presidential transition team? Nelson has not heard anything so can’t say yes or no. Basically in same space as the rest of us. Can we share with the network? Nelson shared the information with the language he received from leadership.
 - Full presentations from meetings cannot be shared outside Steering Committee.
 - Administrative data and CQR seemed to have most new information. Nelson will follow up on those two.
- Barbara shared the list of potential topics for Annual Meeting.

 - Broader conversation about potential 2020 Census data issues and recourse – whether impacted by DP/DAS, data collection, etc.
 - CQR and PUMA folks planning to schedule webinars for future. Are there any other webinars we should consider?
 - Pam suggests putting things in a sequential, prioritized stream in case we're still digital. Some topics might be better moved up as webinars prior to the annual meeting, especially if we're still digital.
 - No insights on if/when digital or in-person decision is going to be made at this point.
 - Any topics suggested by CLMSO/DUB? Nelson thinks everything is covered with the current list, but will see if there is anything else.
 - Reactions to 2020 Census data – check-in with California prior to June meeting
